Praise for The Blue Lagoon Restaurant

Had dinner solo last Thursday night celebrating my birthday week. The restaurant was quaint and had a nice ambience to it. Having eaten at Graycliff Restaurant a few nights before, I was totally blown away by the service I received. Selvin, Nicho, and "Shaft" were very courteous, attentive, accommodating, and friendly. I started out with the Seafood Bisque, which was deliciously meaty, creamy, and smooth. Though the Lamb Chop dinner was for 2, the Chef prepared it for me solo. The Lamb Chops were so tender and nicely prepared that I found myself putting down the fork, to get the last bite with my teeth. The Chocolate Cake was deliciously moist. During dinner, a Live Jazz band began playing downstairs in the Oasis Lounge. The music was classic and they played some of my favorites..... So, thanks to the Servers, as well as Marvin the Bartender, and the hilarious Mr. Prince. I had the most wonderful evening and look forward to dining here whenever I'm in the Bahamas .
